Where am I going? UK, England, or Great Britain?	17		

Congratulations on being accepted by the University of Wisconsin-Eau Claire (UWEC) to the University of Evansville's study abroad program in Harlaxton, England. Living and studying in a new culture is both an exciting and a challenging experience. Past participants of study abroad report that the many advantages of international study include:

- Gaining new perspectives on a chosen academic field*
- Increasing understanding of different cultures*
- Enhancing personal development*
- Developing different perspectives on U.S. culture*
- Gaining self-confidence and independence*
- Learning skills for the future international job market*

It is up to you to determine how you can best benefit from these possible advantages. This is your adventure!

Use this program-specific guide with the more general resources in the Study Abroad Handbook and your BlugoldsAbroad account. While this guide contains the information available at the time of publication, it is impossible for any single resource to answer all of your questions. We encourage you to do your own research, also, through INTS 145 and by using the web resources listed towards the end of this guide, as well as others that you find. Contact the Center for International Education (CIE) staff with your specific questions.

Questions only you can answer include:

- 1) What are YOUR goals for this experience? Advancement in a future profession, desire to expand personal and academic horizons, need for a change, and wish to challenge yourself in a new environment?
- 2) Given the way the program is set up; how can you best prepare to meet your goals? For example, if one of your goals is truly being immersed in British culture, yet you are living in a historic manor full of U.S. students, how are you going to get out and meet the locals?

The information in this guide was current at the time of publication, though changes may occur at any time.

ACADEMICS

The Academics section of the [Study Abroad Handbook](#) has more information on:

- registration at UW-Eau Claire and abroad
- class attendance
- credits & course-load
- integrative learning
- transcripts
- service learning

Pre-departure Planning

Please see the [UWEC Harlaxton Brochure Page > Academics Tab](#) for details on how to plan your courses at Harlaxton, including information on finding courses, credits, course load and grade conversion. The academics page also has specific information for summer, Honors and/or Nursing students.

Registration at Harlaxton

You will register for courses at Harlaxton through the University of Evansville online system. UE will provide instructions. Courses are first come/first served so when Harlaxton emails you registration times, be sure to do this right away!

Dropping/Adding Courses

Semester:

There will be a drop-add period your first week at Harlaxton.

Summer:

You will have a few days to make changes to your courses. If you register for 6 credits but then decide to drop a course, UE/Harlaxton financial penalties will apply.

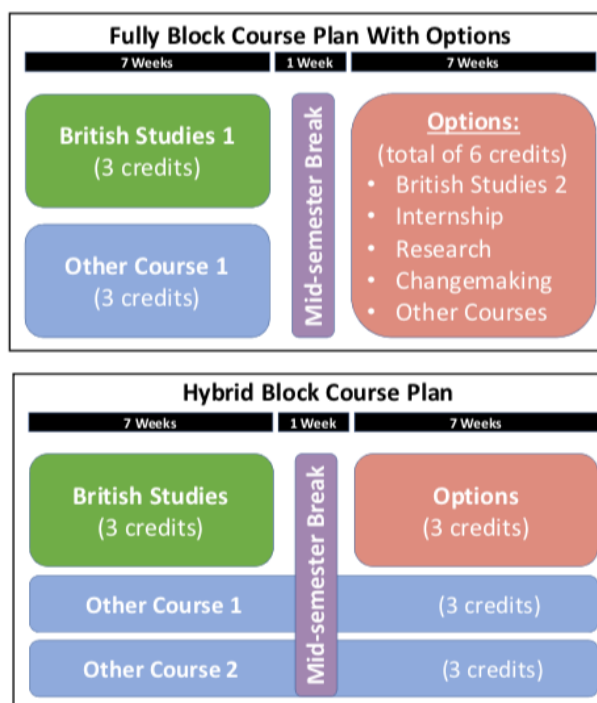

Note: you cannot make any changes in your course registration **until after you arrive** at Harlaxton.

Class Schedule

SEMESTER

Classes are typically scheduled Monday through Thursday until 5pm. However, not every Friday is free for travel. The required British Studies field trips, or any other field trips organized by Harlaxton, typically take place on Fridays.

Beginning in fall 2020, the schedule will be arranged differently to allow a mid-semester break. See the visuals below to get a better understanding of how you'll be taking courses.

SUMMER:

New for summer 2021: Harlaxton is offering, two five-week summer terms! You can choose to do one, five-week term or both for 10-weeks. You will take 3-6 credits each session.

Classes are typically Monday – Thursday. Tuesday and Thursday afternoons are reserved for local and regional fieldtrips related to your coursework. Harlaxton provides a detailed calendar for the summer sessions.

Class Attendance

Harlaxton College has a very **strict** attendance policy. Three or more unexcused absences will always result in a lowering of your grade; professors are free to set stricter standards in their classes.

Harlaxton & UWEC Transcripts

Please see the [Academics section](#) of the *Study Abroad Handbook* for important information if you are **graduating, transferring or applying for a competitive major such as Nursing or Education at the end of your term abroad.**

A transcript with Harlaxton grades is sent to UW-Eau Claire, roughly one month after the end of the term. Because grades will arrive later than the end of the UW-Eau Claire semester, your MyBlugold CampS account will initially indicate "NR" (not reported). This will be changed once the transcript arrives.

Harlaxton Academic System

Although you are going to a U.S. campus abroad, be aware that the British Studies course is taught much like a course in the regular British university system, and you may also take other courses with British faculty. In the words of many past participants, **"YES! You WILL need to study! A lot!"**

Past students have also indicated that many of the professors at Harlaxton, both U.S. and British, give essay exams. For some students, this was a change from the test format that they had experienced at UW-Eau Claire. If you have concerns about taking essay exams, talk with the professor early in the semester about what is expected and how you can improve your essay writing skills.

British Studies (semester):

The British Studies course is taught as a lecture/seminar. The lecture will be a large group session that includes all Harlaxton students and visiting faculty. You will cover a lot of material and there will be little to no time for questions. The seminars are smaller groups, discussion oriented, and are used both to discuss the lecture materials and the outside reading. Thorough reading of the material and active participation in the seminar are critical to doing well on the quizzes, mid-terms, paper, and comprehensive final exam. In addition, students do get a participation grade that factors into their overall grade, most of which comes from participation in seminar discussions.

MONEY MATTERS

UWEC information about

- *making payments*
- *when they are due*
- *withdrawal, cancellation and refund deadlines*
- *financial aid,*
- *general scholarships*
- *budgeting*
- *ways to bring money abroad*

is found on the following websites:

[Fund Your Experience](#)

[Study Abroad Handbook: Money Matters](#)

Cost Estimate

The most current Cost Estimate for your program and term, in easily printable format, is on the [CIE Harlaxton webpage](#). The cost estimate includes what you pay to UWEC, what you pay to Harlaxton, and what you pay directly to other vendors.

Currency Exchange

The currency of the United Kingdom is the pound, abbreviated GBP (Great Britain Pound) and symbolized “£.” Just like the dollar, the pound is divided into 100 units, called “pence,” abbreviated “p.” Coins come in denominations of 1, 2, 5, 10, 20, and 50 pence, as well as 1 and 2 pounds. There are £5, £10, £20, and £50 bills.

You can find current exchange rates at <http://www.oanda.com/currency/converter/>.

Cost of Living

For an idea of what everyday costs you may encounter, check out this website: <https://www.numbeo.com/cost-of-living/in/Newcastle-Upon-Tyne>

HEALTH & SAFETY

General information about:

- *CISI Insurance*
- *Preparing to Go*
- *Staying Healthy*
- *Traveling Safety*
- *Emergency Protocols*

and links to additional health and safety resources are found on the following websites:

[Health + Safety](#)

[Study Abroad Handbook](#): Health & Insurance and Safety Abroad sections.

Centers for Disease Control

The Centers for Disease Control (CDC) has vaccination suggestions, how to stay healthy when abroad, and health information specific to the UK. Review the [CDC site for the United Kingdom](#).

Vaccinations

Due to an increasing measles and mumps cases in Europe, we strongly encourage all students to check their vaccine history to see if they have had the MMR vaccine.

Also, our university partners in the UK have indicated that the National Health Service has a policy of immunizing for Meningitis “C” and recommend that students who have not been vaccinated plan to have this done before leaving home.

Common Health Concern: Traveler’s Diarrhea

The most common health problem for U.S. Americans abroad is intestinal upset. The change in diet, the different meal schedule, and organisms unfamiliar to your system are possible causes.

A very common ailment is traveler’s diarrhea. While you may not experience this in the UK, if you travel to other parts of Europe, you may experience it. Prevention includes being careful about where and what you eat and avoiding dairy products if they are not pasteurized. If you do get it, the following suggestions can help speed recovery and guide your decision to seek formal care:

1. It will usually run its course in three to five days. The worst symptoms usually occur the first day. Bed rest may help relieve cramps.
2. The main risk is dehydration. Maintain fluid intake. An excellent source of fluid replacement is ORS or Oraltye, a prepackaged liquid sold in many countries. If unavailable, the following recipe provides similar value: one liter carbonated water, 1/2 teaspoon salt, 1/2 teaspoon baking soda (not baking powder), 4 tbsps. sugar.

3. An over-the-counter medicine like Pepto Bismol may help relieve nausea and vomiting.

If nausea and vomiting persist for more than 24 hours, if you develop a fever over 101 degrees F, or if you develop severe abdominal pain, contact a physician immediately.

Healthcare

Campus Medical Services:

There is a nurse at Harlaxton four hours per day. They can make referrals to a clinic in Grantham as necessary. If you have a prescription medication that needs refrigeration, such as insulin, storage can be arranged through the nurse and the Dean of Students.

Counseling Resources:

A counselor is available one night per week at the Manor. Her office is in a little-used part of the building. You can sign up for appointments in advance, using an anonymous system posted on her door.

The Dean of Students and the Student Services Interns live in the Manor and are available 24 hours a day if needed. Other counseling resources are available in Grantham. Resource lists are posted around the Manor and/or can be provided by the Student Affairs staff.

Services for Students with Disabilities

With written documentation, Harlaxton can provide accommodations for students with a variety of specific requirements.

It is also important to look at the level of accessibility in the UK. To find more information on this topic, please see the [State Department Country Specific Information page](#).

If you have questions or concerns about this, please contact your UWEC study abroad coordinator.

Intro to the UK Health System

The National Health Service (i.e. the UK national healthcare system) sometimes does not have a very good reputation in the U.S. The system generally works fine; however, it operates under a different set of assumptions from the U.S. health system. U.S. students and their parents need to be aware of some of the major differences between the U.S. and UK health systems.

1) The UK system is set up to favor those typically most in need of medical treatment:

infants/children, pregnant women, and the elderly. People in traditional university age range are expected to be low users of the system except in the case of accidents or serious illness.

2) Because of this, there can be a long wait to set up treatment for pre-existing conditions.

If you have a condition that will need ongoing treatment while in the UK, contact your UW-Eau Claire study abroad coordinator right away!

3) In the UK, **medical professionals do not consider a common cold/sore throat to require medical attention.** Being sick with a cold for three or four days is considered normal and of no major concern in a person of college age.

4) Antibiotics are rarely prescribed in the UK.

Doctors point to research that shows frequent use of antibiotics leads to mutation in germs, rendering the antibiotics useless. Antibiotics are therefore used to treat severe

illness. If you use antibiotics regularly, you may wish to bring them with you.

5) **Allergy shots are generally not recommended** by physicians in the UK. It will be difficult to find anyone who will prescribe or administer them.

Safety in the U.K.

Information on crime, specific safety issues, road safety, drug penalties, and terrorist activity in the U.K. is included in the U.S. State Department's [United Kingdom Country Information website](#). Specific safety in and around Harlaxton will be discussed during orientation in Eau Claire and at Harlaxton.

Hiking

Per the U.S. State Department, "Hiking in higher elevations can be treacherous. Several people die each year while hiking, particularly in Scotland, often due to sudden changes in weather. We encourage visitors, including experienced hikers, to discuss their intended routes with local residents familiar with the area and to adhere closely to recommendations."

Sexual Harassment and "Lad Culture" in the UK

"Lad culture" is a concern among British universities. In [recent research](#), it was defined as a "group" or 'pack' mentality residing in activities such as sport and heavy alcohol consumption, and 'banter' which is often sexist, misogynist and homophobic." Although some respondents found it influenced their academic experience at the university, lad culture is seen as particularly influential in the social side of university life. Some commentators compare it to "bro culture" or frat culture here.

Many respondents reported sexist jokes and rape banter in their friendship groups that made them feel uncomfortable or felt pressured to engage in sexual relationships. Sexual harassment was common, and there were accounts of sexual violence. Harassment ranged from verbal harassment and catcalling to physical harassment and sexual molestation. Some viewed groping in nightclubs as a part of a normal night out.

Excessive drinking is an often-cited contributing factor and the university drinking culture is seen as one of the biggest obstacles to eliminating lad culture. Some women were also found to participate in the heavy drinking and crude behavior associated with lad culture and have been dubbed "ladettes."

Undoubtedly, some UW-Eau Claire students have witnessed or been victim to this type of behavior in Eau Claire. However, it may be more difficult to speak up when you are in a new culture. You cannot change a culture in a visit, but you can make smart choices about how to manage your interactions and reactions to lad culture:

- Ask your British friends, both male and female, how they think lad culture impacts university social life.
- Remove yourself from situations where you do not feel comfortable. Listen to your instincts.
- Drink in moderation if you choose to drink.
- Be careful accepting drinks from people that you don't know. In particular, watch your drink when you are out at bars or clubs.

LGBTQIA+ Travelers

The US State Department has a few resources for students to review. On the UK Country Information page, it mentions that "there are no legal restrictions on same-sex sexual relations

or the organization of LGBTI events in the UK. Please see more at [LGBTI Travel Information](#) page and section 6 of the [Human Rights report](#) for further details.”

Resources for Victims of Sexual Violence

General information and resources are on the [Health and Safety](#) section of the study abroad website.

Emergency Contacts

General emergency procedures are described in the [Study Abroad Handbook](#): Safety Abroad and the onsite Harlaxton staff are available for consultation if difficulties arise. See the [Contact Names & Addresses](#) page of this guide.

911 Equivalent in UK

If you are in an emergency situation in the United Kingdom, you will need to know how to reach the local police, fire, or ambulance services. The local equivalent to the 911 emergency line **in the United Kingdom is 999; in Gibraltar, it is 112**. Save this number in your cell phone in case you need it to use it quickly.

The U.S. State Department also provides a list of [911 numbers abroad](#). Please note that in some countries there are different numbers for fire, police, and ambulance. Plan ahead and research numbers before you go.

Marijuana and other Illegal Drugs

Although marijuana may be relatively easy to obtain in the UK, **the possession and use of marijuana is illegal**. [Penalties for possession, use, or trafficking in illegal drugs in the U.K.](#) are severe and convicted offenders can expect long jail sentences and heavy fines. U.S. citizenship offers no protection if you break a U.K. law. There is NOTHING the CIE, Harlaxton, or the

U.S. government can do if you are found in violation of U.K. laws.

In addition to legal penalties, you are putting yourself at risk of robbery or assault, or you may get a much more dangerous combination of drugs than you thought you were buying.

REQUIRED DOCUMENTS

General passport and visa information is in the [Study Abroad Handbook](#): Travel Resources section.

If you are not a U.S. citizen, please consulate the British consulate in your home country.

Visa

A visa is official permission to temporarily reside in another country and is granted by the government of that country. U.S. citizens studying in the UK for less than six months may enter the UK under two categories: Visitor or Student Visa. **Harlaxton and UW-Eau Claire recommend that students enter under the Short-Term Study Visa category.**

If you are doing an internship, you must apply for the Student visa which takes a lot of pre-planning and is expensive.

See the “Visa Information: UK” in the Learning Content section of your BlugoldsAbroad account for basic information about the visa options. This information will be discussed briefly at study abroad orientation, also.

Note that **you cannot enter the UK for the first time via Ireland if you are using the short-term study visa option**. In addition,

proof of onward journey, **usually in the form of a roundtrip plane ticket**, is required.

It is your responsibility to keep up-to-date about student visa requirements for the UK, and if required, to apply for and receive a visa from an UK consulate or embassy in a timely manner.

Visas for Travel to Other Countries

If you plan to travel outside of the UK while abroad, verify visa requirements for each country you will visit by contacting the nearest consulate for that country, or your travel agency. Most Western European nations do not require U.S. citizens to have a visa for tourist travel of less than three months, but you should always verify the requirement as entry requirements can change with little notice.

PACKING TIPS

General packing information is in the [Study Abroad Handbook](#): Travel Resources section.

A country-specific packing list will be released through your *BlugoldsAbroad* account a few months prior to departure.

Weather

Summer: Harlaxton has a temperate climate due to the Gulf Stream. Past participants have noted, however, that at times the weather can be cold, rainy, and windy, and that it can change several times throughout the day.

Semester: Weather in the UK is often cool and wet, especially in the fall and winter. Many buildings are not centrally heated, so plan accordingly by dressing in layers.

Clothing

Past participants suggest bringing clothing that you can wear, or take off, in layers.

Harlaxton College tends to be on the casual side for class and free time around the Manor. However, there are formal dinners a couple of times each semester. Bring a few “dress-up” clothes for these, and for going out to restaurants or clubs. Some nightclubs don’t allow jeans or tennis shoes.

GETTING TO ENGLAND

There is information on booking flights in the [Study Abroad Handbook](#): Travel Resources section.

Travel Arrangements

It is your responsibility to make and pay for travel arrangements to London Heathrow airport. An optional group flight is available for this program through a travel agency recommended by UE. If you choose not to book the group flight, you will need to book your own flight and arrive prior to the mandatory orientation.

Please do not make travel arrangements until the optional group flight has been announced and the calendar confirmed. You will receive exact arrival information when the group flight information is announced.

Important:

- **You cannot enter the UK for the first time via Ireland if you are using the visitor visa.**
- Most visas require a **roundtrip** ticket. If you are planning to travel at the end of the program, that is fine. You do not need to leave the UK immediately at the end of the program, as long as you will not be there/in Europe as a tourist for more than a total of 90 days before/after the program.

Harlaxton Group Flight

Benefits to booking with the optional group flight:

- Flexible tickets that are refundable and changeable for a fee.
- Flexible payment plan (pay a deposit to hold your seat, then pay the balance 2 weeks prior to departure)
- Select the group return date or select your own date for the same price
- The travel agency can help book connecting flights to merge with the group flight departure cities.
- Airport pick-up at Heathrow is timed for the group flight.

Buying a Changeable Ticket

We strongly recommend that you buy a roundtrip ticket with a low change fee. Note that trip insurance does not cover flight changes if you buy a non-changeable, non-refundable ticket

Getting to Harlaxton

Harlaxton offers a pick-up service from **London Heathrow Airport only**. To take advantage of the pick-up service, you must plan your travel to arrive on the designated arrival day by the designated time and submit your travel details to Harlaxton College through their online system. Historically, students have been asked to arrive by 10:30 am on the designated arrival day for the pick-up service but Harlaxton will confirm this.

Early, Late or Delayed Arrival

At orientation, you will discuss the back-up plan in case you

- Arrive at any other airport besides London Heathrow.

- Arrive later than the designated time on the designated arrival day.
- Arrive on a different day than the designated arrival day.

UE will provide independent arrival instructions with the immigration packets they send prior to the beginning of the term. Note that you will need to travel through London and change transportation with your luggage two to four times, in order to reach Harlaxton Manor. You will also spend at least \$100 U.S. to get from the airport to Harlaxton. **Please consider these factors when comparing airfares.** Cheaper is not always better.

Immigration & Customs

You will be asked to provide documents to the UK immigration official at the airport. More information will be given to you from UWEC and Harlaxton.

ALSO IMPORTANT: You will be arrested if you bring pocketknives, blades, mace or pepper spray canisters, or any part of a gun into the United Kingdom. Please refer to the UK government publication [Travelling to the UK](#), which details the items visitors are prohibited from bringing into the United Kingdom

SETTLING IN ***Orientation***

You will have an orientation to Harlaxton Manor, the program, and the surrounding area when you first arrive at Harlaxton.

On-Site Support

Harlaxton has an on-site Dean of Students available for academic and cultural support.

Buying Textbooks

Textbooks are on sale at the beginning of the semester. You may pay with cash (pounds) or credit cards. Because the Harlaxton curriculum changes each semester, there is limited opportunity to sell books back.

Student Clubs & Organizations

Getting involved in and around Harlaxton Manor is easy. Join a residence life or student committee or help create the yearbook for your group. You can also get involved in intramural sports (volleyball, basketball, soccer). Harlaxton students often play students from the British high schools and universities in the area, as well as the Harlaxton staff.

The summer program is much more condensed so there may not be the same options available. Harlaxton still tries to coordinate a variety of events/gatherings so you can meet your peers and local residents.

Meet-A-Family Program (Semester only)

Semester students will have the opportunity for the Meet-A-Family program. This is a great way to get out of the Manor and into the local community. Because Harlaxton/Grantham is small, the number of families available for the program is also small; if more students ask for families than there are families available, there will be a lottery. You may sign up for the lottery on the Harlaxton online system when you complete your forms. Please register early as there are a limited number of Meet-a-Family placements.

Participating in the Meet-A-Family program entails some responsibilities and commitment on your part. Some families have dropped out of the program because their students have not participated fully in the program. Therefore,

before you request a family, think about whether you are willing to make the following commitments:

- Attend four Meet-A-Family events per semester.
- Call your family regularly (once a week) to keep in touch.
- Accept invitations from your family and let them know you are interested in doing things with them.
- Keep commitments to your family. For example, your family has invited you to dinner on a Saturday night, and you have accepted their invitation. On Wednesday, some of your friends announce that they are going to Edinburgh for the weekend and ask you to come along. Do you:
 - a) Call your family and say that some friends have asked you to go to Edinburgh for the weekend, so you won't be able to come to their house on Saturday?
 - b) Call your family and say that, unfortunately, you are not feeling well, so you won't be able to come to their house on Saturday?
 - c) Tell your friends you are going to your family's on Saturday, and so, unfortunately, are unable to go to Edinburgh with them?

If you answered a or b to this question, you should carefully consider whether the Meet-A-Family is a good fit for your goals while at Harlaxton College.

Other Local Involvement

In addition to the Meet-a-Family program, past students suggest the following as ways to get involved:

- 1) the local library posts volunteer opportunities around Grantham, and
- 2) there are shuttles every Sunday to take you to the church of your choice.

On-Campus Alcohol Policy

Unlike UW-Eau Claire, Harlaxton College does NOT allow students of the U.S. legal drinking age to store or drink alcohol in their rooms. Students caught with alcohol in their rooms will incur disciplinary action, often including a substantial fine.

According to the Harlaxton Student Handbook: *Drinking is allowed only in the Bistro except during special events when there is a bar in the state rooms; drinking is confined to the state room used. With the exception of the above, possession and consumption of alcohol on-campus is strictly prohibited. This prohibition extends to student rooms, the grounds, sports hall, playing fields, and all vehicles used by the college for transportation. Students present in a residential facility where alcohol is present are also subject to disciplinary action. SAO (Student Affairs Office) staff, college drivers, RAs, and security staff will confiscate any alcohol brought onto campus. This policy includes empty alcohol containers.*

HOUSING

Living Situation

All students on the Harlaxton program live either in Harlaxton Manor or in the adjoining Carriage House. There are two to five people per room, but the room sizes are generous.

There are shared bathrooms/showers on each floor.

Every roommate receives a key/key chain for their room and an electronic key to open the outside doors at night. Housing assignments are done at Harlaxton; you cannot request to live in the Carriage House or the Manor.

What's Provided?

- Bedding (pillows, sheets comforters; changed every 2 weeks)
- Bed, dresser, small closet, hangers, chair, desk
- Some rooms have sinks & mirror

Meals & Snacks

Meals are cafeteria-style and held at designated hours in the Refectory. Every floor also has a small kitchen area with a refrigerator and storage cabinets. Some floors have microwaves.

While much of the food at the Manor will be familiar, you will have opportunities to try traditional British food when out and about. A few things to try:

- **Bangers & mash:** sausage with mashed potatoes
- **Black pudding:** sausage made with pig's blood & fat
- **Yorkshire pudding:** a batter made with flour, eggs, and milk and cooked in the oven. Often eaten with roast beef for Sunday lunch.
- **Pie:** a pie is any baked food surrounded by pastry (mixture of flour and butter). So, you can get steak and kidney pie, or apple pie, to name a few.
- **Ploughman's lunch:** typical mid-day pub meal, consisting of a bread roll with a piece of cheese and pickled onion.

- **Fish and chips:** French fries and battered fish. The chips are generally served with salt and vinegar.

Laundry

There is a laundry room with washers/dryers in the Manor.

COMMUNICATION

See the [Study Abroad Handbook](#): Travel Resources section for information on:

- *Communication with UWEC*
- *Calling, Texting & Other Communication*

Time Difference

England is six hours ahead of Eau Claire. For example, when it is 1:00 P.M. on Thursday in Eau Claire, it is 7:00 P.M. on Thursday at Harlaxton. To see the current time at Harlaxton, visit:

<https://www.timeanddate.com/worldclock/uk>

Email/Internet Access

Harlaxton has five computer suites with 24-hour access to the Internet, email and word processing.

Harlaxton is completely wireless, so anywhere you go on campus you will have Internet! All classroom, social, and residential areas have coverage. You can even sit outside and have access. If you would like to access the wireless networks and access ports, you need to bring your personal computer.

Video Chatting/Online Apps

Most Harlaxton students communicate with family and friends back in the U.S. by using an online video chat service such as Skype, Zoom, Facetime, or WhatsApp. Past students recommend that you set up a regular time (for example, Sundays at 10 PM, Harlaxton time) so

both sides are online at the same time. Keep in mind that some places in the manor have better Wi-Fi connections for video chatting than others so you may have to search for a place that will work well for you. The college also has a few computers set aside in the manor computer lab to use for this purpose.

Landline Phone Information

There are four telephones available for student use at Harlaxton. There are no telephones in the student rooms. Your callers have two ways to communicate with you by telephone:

- 1) Call the main number (see below) and leave a message with Security or voice mail after 5pm in England (11am in Eau Claire). The message will be posted. Remind your caller to specify whose time zone you are to use when returning the call.
- 2) Call the student kiosk number where you will be waiting for the pre-arranged call.

Main reception number (24 hours):

011-44-1476-403000

Student kiosk-Manor:

011-44-1476-403050; then Option 2 followed by Option 1

Student kiosk-Carriage House:

011-44-1476-403050; then Option 2 followed by Option 2

The easiest way for you to make outgoing phone calls on a Manor phone is by using a calling card. You can buy them at Harlaxton.

Calling from the U.S.

From the U.S. to the U.K. From the U.S. to England: You must first dial 011, which is the international dialing code. Next, you must dial

44 to get England, and then the rest of the number to reach a specific city and location.

Snail Mail

The University of Evansville will email the group about a month prior to departure with a link to a list of students' mailbox numbers.

Your name, box number
Harlaxton College
Harlaxton Manor
Harlaxton, Grantham,
Lincolnshire NG32 1AG
UNITED KINGDOM

The Harlaxton front desk sells postcard stamps, and you can mail postcards and small letters back to the U.S. from the Manor mailbox

TRAVEL WHILE ABROAD

General information on guidebooks, maps, hostels and more is in the [Study Abroad Handbook](#): Travel Resources section.

Local Travel

Much has happened in British history at, or very near to, Harlaxton Manor. Harlaxton therefore offers a number of inexpensive (~£5) local trips, often as class fieldtrips, but also just for general interest, to make sure you are aware of the history and British culture all around you.

Longer Travel

Harlaxton offers a number of more extensive day and weekend trips at additional cost. Reservations for the trips are now made online, directly through Harlaxton. You will receive the exact day and time that travel booking begins from UE. You can find recent examples here: <https://harlaxton.evansville.edu/accepted/excursions.cfm>

Summer students will have fewer opportunities for longer travel due to the program length. It is recommended that summer students save most of their long travels for after the program.

Before you can make travel reservations, you must have filled out the online forms in your Harlaxton College account. You will book through the Harlaxton online system. **A deposit is due when you make your reservation, which you must pay by credit card via the online travel booking site.**

Since the deposits are charged in pounds, you may incur an international currency fee, and you should **contact your credit card company prior to the booking day so that your card is not blocked for suspicious activity.**

Cancellations to your travel bookings can only be made to the same credit card used for the original booking. Cancellation deadlines are also online.

Past participant tip: *"I would definitely recommend the first London trip. It's early in the semester, and you really get to know people. Plus, once you find your way around London, it's easy to go back for a weekend on your own."*

Independent Travel

Harlaxton offers on-campus and online resources to help interested students plan independent travel. On campus, there is a travel library where students can access guidebooks and maps. The Student Affairs Office also offers an "Independent Travel Seminar" during the first week.

Bus & Train in the UK

If you plan to travel in England, Scotland or Wales, transportation by train, ferry, and bus

(coach) are all options. A 16-25 RailCard gives you 1/3 off regular fare tickets. It pays for itself after three to four trips, especially if you go anywhere in Scotland. Check out this Web site for more information: <http://www.16-25railcard.co.uk/>. You can download the application form online or simply ask for one at any train station in England. Bring an extra passport-size photo for the application.

There is also a special rail pass just for southwest England (which includes London and Oxford). When you buy a ticket to London with the pass, the ticket may also be used as a subway pass around London for the entire day.

If you plan to take buses, keep in mind that they are both cheaper and slower than trains. An NX2 card will give you at least 10% off all National Express bus tickets. If you've got time to spare, consider taking advantage of National Express' £1 Fun Fare. During specific times, seats are offered for an absolute steal between London and 28 other cities.

CULTURAL NOTES

Where am I going? UK, England, or Great Britain?

You are actually going to all three simultaneously. "The United Kingdom is a country that consists of Great Britain and Northern Ireland. In fact, the official name of the country is 'United Kingdom of Great Britain and Northern Ireland.'

Great Britain is the name of the island northwest of France and east of Ireland that consists of three somewhat autonomous countries: England, Wales and Scotland. Therefore, England is part of Great Britain, which is part of the United Kingdom. The UK includes England, Wales, Scotland, and Northern Ireland." When past participants of the Harlaxton program were asked to sum up their experiences, what they wish they knew before going, etc. here is what they said:

People say things changed their life all the time. Harlaxton actually will change your life. It's more than a place. Harlaxton is a feeling and it feels more like home than your actual home.

Study abroad was an amazing four months filled with travel to all kinds of incredible places, making and hanging out with new friends, late night study sessions, lots of tea, sometimes embarrassing situations, individual growth, and hard goodbyes at the end. It was an experience I wouldn't change for the world.

Going to Harlaxton allowed me to do things I never imagined I would do. I changed and grew into a far better person which has caused me to change what I want to do with my future.

The biggest adjustment has been studying/doing school stuff at all hours of the day because we live with our professors, the school day doesn't end by dinner.

My time abroad opened my eyes to many different cultures, and it opened my eyes to how other people think.

Harlaxton is an amazing program in a beautiful house with great faculty and staff. The British Studies course really helps to inform you about British history and cultural identity and the school offers many free or low-cost trips around the country to experience it first-hand. The school is really good at working with you and helping you to make your experience the best it can be. They also plan lots of fun activities and house competitions to get you involved in the community. The faculty and staff as most live in the manor are highly accessible.

Don't be afraid to make new friends. Bring more money than you originally planned.

The walls in the dorms are extremely thin; you can hear everyone's conversations bring ear plugs or noise cancelling headphones if you are sensitive to noise.

The best part so far has been experiencing a brand-new culture (ex: traveling, eating, etc.) and gaining close friendships has been extremely beneficial to my success here. The administration has gone to great lengths to encourage students to join clubs, explore the town and "get out" of the classroom.
